**CORRECT ADDRESS REQUESTED
FORWARDING ADDRESS REQUESTED**

Tom Viola, RPh, CCP

With over 30 years' experience as a board-certified pharmacist, clinical educator, professional speaker and published author, Tom Viola, R.Ph., C.C.P. has earned his national and international reputation as the go-to specialist for making pharmacology practical and useful for all members of the dental team. As the founder of Pharmacology Declassified, Tom provides valuable insight on the complex interplay between pharmacology and physiology so that clinicians may be knowledgeable about not only the dental considerations of medications used to treat systemic illness but also the systemic considerations of medications used to provide dental treatment. As an educator, Tom is a member of the faculty of over 10 dental professional degree programs and has received several awards for outstanding teacher of the year. As an author, Tom is well known for his contributions to several professional journals, has served as a contributor, chapter author and peer reviewer for several pharmacology textbooks and currently serves as a consultant to the American Dental Association's Council on Scientific Affairs. As a speaker, Tom has presented over 1000 informative, humorous and engaging continuing education seminars and webinars to dental professionals internationally since 2001.

Complex medical histories, substance abuse, opioids and their impact on anesthesia delivery

This program will provide an overview of medications, supplements, and substances of abuse most frequently used by patients and their implications on delivery of anesthesia. Practical tools will be provided to assist the anesthetist in interpreting information contained in the medical history and understanding the impact elements of the history have on anesthesia planning and care. The program will also provide and in-depth review of cannabis and opioid use and abuse. The pharmacology of cannabis including various dosage forms, routes of administration, and adverse effects will be discussed particularly as it relates to the potential impact on safe anesthesia administration. For opioids, a contemporary review of their safe and effective use for pain control and sedation, strategies for identifying patients at risk for abuse, and agents used in the management of opioid use disorder will be provided.

**Course Outline
Wednesday, May 4th, 2022**

- 8:15 – 9:00 Registration and Continental Breakfast**
- 9:00 – 12:30 Morning Lecture**
- 12:30 – 1:30 Lunch**
- 1:30 – 5:00 Afternoon Lecture**

This NJDSA Course offers **seven (7)** Continuing Education credit hours for NJ Dental License renewal. In addition, **this course satisfies 1 CE credit for Opioid Use and 3 CE credits for Pharmacology and Internal Medicine requirements.**

Please check your individual requirements. This course is suitable for Oral and Maxillofacial Surgeons, Dental Anesthesiologists, Anesthesia providers, office staff and assistants.

Please check your membership status on address field of this mailing (**member vs. non-member**). You will be registered as a non-member if you are not on the ADSA membership list.

Your office anesthesia evaluation must be performed every **five years**. You are responsible to have it completed and to send the evaluation report to the State Board of Dentistry.

To receive the **full seven (7)** credit hours, a course evaluation form will be provided at lunch hour to be completed and signed by the attendee and must be submitted to the reception desk so as to compliment the a.m. sign in. If you only have signed in the a.m., **only four (4)** credit hours will be issued. Certificate of attendance will be mailed to the attendee after the correlation of signatures.

**Save the Date – Future Meeting
May 3rd, 2023 Scientific Session
Speaker and Topic to be Determined**

Please visit our website one week prior to the meeting to download the lecture handout:

New Jersey Dental Society of Anesthesiology

AED Rebate Program

- The AED rebate program is available only to regular NJDSA members who have paid full membership dues for the year prior to their request.
- Documentation will need to be provided from the ADSA's web site to show the active member status of the rebate applicant.
- A copy of a paid receipt for a new AED will need to be provided, not for reprogramming of an older model or supplies purchased.
- A photograph or photocopy of the back of the new AED needs to be provided showing the unit's serial number to be verified on the purchase receipt.
- One AED rebate per member per year.

Sim Man & Anesthesia Assistant Incentives

- The tuition stipend program is available only to regular NJDSA members (or their assistant employees) who have paid full membership dues for at least one the year prior to their request for this member benefit.
- A tuition stipend of:
 - \$100 is contingent upon the doctors successful completion of a "Sim Man" course provided through the ADSA
 - \$75 is contingent upon the successful completion of the 2 day anesthesia assistant course provided through the ADSA
- Documentation will need to show that full course tuition was paid to the ADSA for the course.
- The applicant needs to provide a copy of the certificate showing successful course completion with the awarding of 4-4.5 hours of CE credits for the "Sim Man" course or the CE certificate of completion in the case of the anesthesia assistant program.
- One each tuition stipend per member.

Please send Rebate & Incentive information by mail only to:

Lee M. Lichtenstein, DMD
723 North Beers Street
Holmdel, NJ 07733
