

Where to order anes stuff

THE MONEY YOU GET TO KEEP IS YOURS

Where to get:

- ▶ Everybody knows of SAS (Southern Anesthesia & Surgical) & ACE Surgical not the least expensive, but you can get it
- ▶ Baxter, makes anesthesia agents (volatile) – Sevoflurane
- ▶ The NJ rep is Nelson (there used to be 20, then 7, now 1)
- ▶ Now, if you get the vaporizer from Baxter, need minimum annual purchase
- ▶ If you belong to a hospital GPO or other buying group, may get additional discounting – I do this for Baxter, Besse and CuraScript

Besse now has \$500/month min order and then they will allow purchase of scheduled drugs, min purchase for free shipping
